

ST. LOUIS GAY  
WITH UNIFORMS

City Is Filled with Troops and Diplomats To Help Dedicate the Fair.

## THOUSANDS THERE

Visitors from All Over Will Join in the Immense Procession Planned for Tomorrow.

(Special to The Gazette.) St. Louis, April 29.—The final day before the dedication ceremonies shows the city in a state of hurry, hustle, and bustle. The streets are packed and visitors are arriving on every train to witness the ceremonies.

**Military Camp**  
At the exposition grounds the sight is one of a huge war camp of soldiers. Miles upon miles of white tents are up and fourteen thousand soldiers are at present encamped with ten thousand more coming.

**Arrives Tonight**  
President Roosevelt and his party will arrive here this evening, immediately after which he will address the good roads convention and will then go to hear the Grand Act at St. Louis university.

**Thousands Coming**  
All preparations for tomorrow's celebration are now complete. It is estimated that fully sixty thousand people will be present to hear the president make his speech at the grounds.

RENEW RIOTS  
AT MARSEILLES

Anti-Clerical Mobs Attack Capuchin Convent to Destroy It.

Marseilles, April 29.—There was more rioting today in the streets surrounding the Capuchin convent, where the friars barricaded themselves. A crowd of several thousand persons gathered about the place many of them carrying banners and having anti-clerical inscriptions. During a charge made by a squad of police commissary Souchen was struck on the head and badly hurt. The fight became general. Three policemen and one girl were injured. A number of persons who attempted to rescue stoned the commissary of police and the police thereupon charged with drawn revolvers, and fired about twenty shots in the air. A protest was made by an official of that quarter of Marseilles against the insufficient protection, and notified the prefect that unless a stronger guard was furnished the friars would defend themselves by all means in their power.

STONE RANSOM  
WAS SUFFICIENT

Macedonian Committee Informs the American Missionaries They Are Safe.

Constantinople, April 29.—Advices from Prishtina say the Albanians are becoming more reckless and the levying of the blackmail by the Macedonian committee is incessant. The American missionaries, however, have been directly informed that they need not fear the committee, "the ransom of Miss Ellen M. Stone being regarded as an American contribution to the revolutionary fund."

## FOLLOW A PROPHETESS' ADVICE

Adventists Will Move Publishing House From Battle Creek, Mich.

Battle Creek, Mich., April 29.—After a fight lasting more than a week the stockholders of the Seventh Day Adventists' publishing house have decided to move their plant east, the name of the city not yet being decided on. This action shows that the majority of the stockholders believed in Mrs. Ellen White, a leading prophetess of the society, who predicted disaster if the plant was not moved and the Adventists colonized here do not scatter to various parts of the country. It is believed the action taken will have a tendency to split the denomination into two factions.

FOUR WENT TO MADISON  
TO URGE DEFEAT OF MEASURE

Were Asked to Appear by President Wadhams of the Milwaukee Board of Trade.

A quartet of Janesville business men went to Madison this morning in response to the call sent out by E. A. Wadhams, president of the Merchants' and Manufacturers' association, of Milwaukee, for a committee to act with their committee, in advocating the passage of a bill to make valid past bond sales.

The gentlemen who went from here were Judge John W. Sale, United States District Attorney William G. Wheeler, District Attorney William A. Jackson and C. S. Jackman. They were not a regularly appointed committee, but simply went as citizens interested in the question before the legislature.

APPEAL WILL OF  
THOMAS LANPHIER

Daughter Asks Court for Her Share in the Dead Man's Estate.

Interesting developments are promised in the settlement of the \$12,000 estate of the late Thomas J. Lanphier. Lanphier committed suicide at Willow Park, the resort located about three miles this side of Beloit, nearly a year ago. He had had several wives and his will was executed in favor of the last. Recently the daughter of an earlier wife, Miss Jessie Lanphier, who has been in Oregon and was, she claims, kept in ignorance of her father's death in order that she might not share in the estate, returned to Wisconsin. She found her father dead and the will probated. She made application for an appeal from the judgment which disposed of the estate, and Judge Dunwiddle has granted her an order allowing the appeal.

COLLISION NOT  
DENIED NOW

The English Admiralty Admit That the Accident Did Take Place.

London, April 29.—A rumor that the battleships Formidable and Venerable, each of 15,000 tons displacement met in collision in the Mediterranean, has been in circulation for some weeks past. The admiralty declines, either to confirm or deny the report.

MAY ANNEX ALL  
OF MANCHURIA

Russian Government Has Its Plans All Laid for a Giant Coup in the East.

St. Petersburg, April 29.—The minister of war, Gen. Kuropatkin, left on a special train for Manchuria today, and possibly will go to Japan, Lieut. Gen. Sakhatoff being appointed acting war minister during his absence. He will make a thorough inspection of Manchuria, being absent two months, and will visit Port Arthur, Dally, and Vladivostok. The minister of marine has decided to order the construction of twenty gunboats for the protection of the Russian frontier at the Amur river.

## STATE NOTES

**Bill** Tibbets, well known on the upper Mississippi, is charged with fatally wounding Ira Shrader in a fight on board the steamer Musser.

The county board of supervisors at Waukesha took twenty-one ballots for chairman and at the end of that time was still deadlocked and adjourned.

The society event of the year at Racine will occur tonight when young men, assisted by outside talent, will give a minstrel show, under the direction of the musical director of All Saints' cathedral, Milwaukee.

A Hayton husband who wished to become reconciled with his wife from whom he had parted received a volley of shot from his mother-in-law, who dwelled with his wife. The man was unharmed by the shooting.

Two Racine boys committed theft in order that they might be sent to the reform school.

The two-year-old daughter of Mr. and Mrs. H. Bergholtz of the town of Center was probably fatally burned Monday afternoon by sitting down in a pall of boiling water.

A representative of eastern manufacturing interests is buying up all available water power in the vicinity of Menomonie.

The Fox River Electric Railway and Power company has secured two cars for use on its Depere line.

W. S. Jennings, arrested at Oconto, Wis., last week, charged with embezzlement, has been discharged, his relatives securing Woodford & Bill of Menomonie, who claimed he was short \$1,560 in his accounts.

Because he was forcibly ejected from a meeting of the village council of Hortonville, S. F. Briggs seeks personal damages in the sum of \$5,000 from Samuel Alexander, who acted for the board, and the case is now on trial in the Outagamie circuit court.

## TO INSPECT ILLINOIS MILITIA

Lieut. Col. Rodman and Maj. Rogers Are Assigned the Duty.

Washington, April 29.—Information relative to the reorganization of the National Guard of the United States given out at the War Department includes the statement that Gen. Bates, commanding the Department of the Lakes, has detailed Lieut. Col. John B. Rodman and Maj. Rogers, Twentieth Infantry, to make the inspection of the National Guard, state of Illinois.

## CUT CAUSES VETERAN'S DEATH

Blood Poison Follows Prick by Thorn and Leads to Soldier's End.

Terro Haute, Ind., April 29.—Addison Curry, who served through the Mexican and civil wars, died from pricking his finger with a thorn. The injury was inflicted last Friday, and the man died Monday night from blood poisoning. Just before his death his daughter-in-law, Mrs. Charles Curry, was buried, her death Saturday night being from blood poisoning resulting from peritonitis.

POPE AND KING  
MEET IN ROME

Edward, of England, Received in Private Conference by Leo III. Today.

## WONDERFUL SIGHT

The Pope Much Pleased at the Meeting, and Showed Marked Honors to Royal Visitor.

(Special By Scripps-McLain.) Rome, April 29.—King Edward this afternoon was received by Pope Leo XIII in a private audience at the Vatican at the court of St. Damas. Royal honors were paid him by the Papal guards, an unusual thing.

**Royally Received**  
Mgr. Bilelet, master of the chamber, accompanied by the vatican officials met His Majesty at the gateway and escorted him to the presence of the pope who was waiting to receive him in his private apartments.

**No One Present**  
There was no one present during the interview of England's ruler and the pope. His Holiness expressed great joy at being able to meet His Majesty and the king was likewise rejoiced to see the pope.

CLYDE ENGINEERS  
ARE TO STRIKE

Men Will Oppose the Proposed Reduction of the Present Wage Scale.

Glasgow, April 29.—Serious trouble is impending between the Clyde engineers and employers. The men have decided almost unanimously to oppose reduction in their wages. If a settlement is not reached by Friday a great strike may be inaugurated, and it is probable that the employers will declare a general lock-out.

INSANE OPERATOR  
PREVENTS A WRECK

Realizing That His Mental Faculties Are Weakening He Turns on Red Light and Warns Express.

St. Louis, Mo., April 29.—Jabbering at his instrument, his mind a blank and his ear all unconscious of the frantic call of his key for "G," D. S. Ranshaw, the night operator at Poughkeepsie, a station on the Wabash, was discovered by the trainmen of the Chicago express, who, indignant and amazed at being compelled by a red light down the track to stop, rushed into the depot. It did not take the startled trainmen many minutes to grasp the situation and realize that they had probably narrowly escaped death.

The day operator was hunted up, and after the location of every train on the division had been ascertained and the fact proved that Ranshaw had made no serious blunder before going insane the belated express was permitted to steam out.

Ranshaw was recently moved from a more important office to Poughkeepsie because he had become partly paralyzed. He began to lose control of his mental faculties early in the evening, but he took and repeated train dispatches mechanically. Finally, apparently realizing that he was rapidly becoming a maniac, he seized the red light lever and turned it, thus warning the express to stop.

John Dongan, engineer of the Chicago express, declares a terrible smash-up would certainly have resulted had the express been permitted to go through.

## KAISER WITH THE PROPHETS

Life-Size Figure of William II. Adorns Church Entrance at Metz.

Berlin, April 29.—The decorative work at the entrance to the cathedral at Metz has been unveiled. The new entrance consists of a combination of pointed arches which contain 554 images of biblical personages. Life-size figures of prophets decorate the front pillars. Between Elijah and Elisha is the figure of Kaiser Wilhelm II.

## THIRTEEN ARE HURT IN WRECK

Train Runs Through an Open Switch Near Toledo, O.

Toledo, O., April 29.—A Cincinnati, Hamilton & Dayton train, consisting of an engine, baggage car and two coaches, was derailed at Bates siding, four miles south of this city. Thirteen people were injured, seven seriously, but none fatally. The most seriously injured were brought back to this city.

**New York Ahead of London.**  
It costs New York five times as much as it does London to maintain parks and recreation grounds.

ARMENIANS ARE  
TO BE KILLED

The Sultan Issues Orders to the Effect That Their Slaughter Is To Begin.

## DIVERT ATTENTION

Will Take Eyes Off the Present Macedonian Revolution and Its Consequences.

(Special By Scripps-McLain.) Vienna, April 29.—A local paper here today reports that the sultan of Turkey has ordered that the Armenian massacres again begin in order to divert the thoughts of Europe from the Macedonian situation.

**Ordered His Kurds**  
It is asserted that the sultan ordered the Kurd leaders to at once start their slaughter on a larger scale than that of six years ago and that they have obeyed his orders and the slaughter has begun in four provinces.

**Are Fighting**  
In four districts the Armenians are resisting bravely and many casualties have been reported from the Kurd ranks and two hundred Armenians have been put to death and several villages burned and destroyed.

WILL INSPECT  
MANCHURIA

The Russian War Minister to Visit the Scene of the Coming Contest.

Tokio, Japan, April 29.—The Jiji today published a dispatch from Peking, in which its correspondent quoted the Russian minister as saying that the effect of the remonstrances of Japan and other powers would be that the statement now paramount at St. Petersburg would decide to incorporate the three provinces of Manchuria in the Russian empire.

GENERAL SUMMARY OF  
WEEKLY CROP REPORT

Unseasonably Low Temperatures and Wet Soil Retards Planting in Many Districts.

Washington, April 29.—Included in the weekly crop report of the weather bureau is the following general summary:

Nearly the whole country east of the Rocky mountains experienced unseasonably low temperatures during the week ended April 27, and while the rainfall in the central valleys was light, farm work has made slow progress in consequence of wet soil and low temperatures. The drought in Florida and the central and west gulf states, especially the last mentioned sections, has grown more serious and is over large areas of ground too dry to germinate seed. More favorable conditions prevailed in the states of the upper Missouri valley. As in the previous week, corn planting made slow progress, more particularly over the central and eastern portions of the corn belt and the middle Atlantic states.

While the condition of winter wheat continues promising a slight deterioration is indicated over the central and eastern portions of the wheat belt.

Spring wheat seeding is well advanced over the northern portion of the spring wheat region, and under favorable conditions will practically be completed in the central districts during the coming week.

In the Missouri and central Mississippi valleys oat seeding remains. Germination of early sown in Michigan, Wisconsin and Illinois is unsatisfactory. The Texas crop is much in need of rain.

Warmth is generally needed throughout the cotton belt and the central and western districts are in urgent need of rain.

Tobacco plants continue plentiful and healthy, though backward, in Kentucky. No transplanting yet done except in the Carolinas, but the plants are ready for setting in Tennessee.

The last week was unfavorable in the fruit states east of the Mississippi river.

## FREE LUNCH GOES GLIMMERING

New York Saloonkeepers Raise Prices and Cut Out Privileges.

New York, April 29.—The saloonkeepers of Manhattan and the Bronx met and adopted the following plan of conducting the liquor traffic after May 1:

Free lunch abolished and only crackers will go with drinks. No more "schooners." "Growlers" to be 15 cents a pint, an advance of 5 cents. Cheese with free lunch is not prohibited. The police will be charged 5 and 10 cents for light lunches.

APPEAL FOR AID  
FOR ERIN'S HELP

Irishmen All Over the World Are Asked to Help the Emerald Isle.

London, April 29.—An appeal has been issued by the United Irish league, asking Irishmen throughout the world to start subscriptions, to the parliamentary fund of 1903. It is signed by John Redmond, chairman of the league, and the Rt. Rev. Patrick O'Donnell, bishop of the Itaphoe and James O'Mara, treasurers of the league election fund. A generous response is necessary to enable the regular attendance of the Irish members and in view of the likelihood of the Irish party gaining control of the destinies of whatever ministry is in power.

AMERICAN GAS  
PLANT FAVORED

Sub-Committee of Paris Municipal Council Recommends Billings Proposals.

Paris, April 29.—The subcommittee of the municipal council has reported in favor of the offer made by the American syndicate to furnish Paris with a gas plant, and a special meeting of the council will be held on May 6 to decide whether the offer of Messrs. Brady, Knapp and Billings shall be accepted.

VEILED WOMEN  
SEE LOUBET

With Masked Faces the Women of Tunis Crowded Streets to See President.

Tunis, April 29.—The celebration in honor of the visit of President Loubet to Tunis were continued today. As the president proceeded to the palace of the bey to be the guest of honor at a grand dinner, the streets were lined for the first time with native women in strange, white costumes and with masked faces, their usual strict seclusion being suspended in order to permit them to see the president. The day was devoted to banquets and visits. M. Loubet left here tonight for Bizerta.

## SPARKS FROM THE WIRES

The republican state central committee of Iowa has decided to hold the state convention on July 1 in Des Moines.

Practically all of the town of Melbourne, Ia., was burned Tuesday. The burned area covers about three blocks.

The shipment from Boston of a cargo of 155,500 bushels of corn to Antwerp by the steamer Kingstonian made a record, having started from Chicago April 16.

An appeal has been issued by the United Irish league asking Irishmen throughout the world to start immediate subscriptions to the parliamentary fund of 1903.

At a banquet of the Cleveland Builders' exchange Joseph G. Cannon proposed a population of 150,000,000 within the lifetime of some of his hearers.

Samuel V. Gilbert, cashier of the Redell Lumber company, dropped dead at the Duluth home of an electric shock sustained while turning on a light while after a glass of water.

W. H. Pope, judge of the court of the first instance of the Philippine islands, has resigned, and, owing to shattered health, will return to Santa Fe again to take up his residence.

The deputies of the Columbian department assembly of Cartagena by a vote of nine to eight have rejected a petition to address a memorial to the coming congress praying that body to reject the canal treaty.

Announcement has been semi-officially made that King Alfonso has ratified his confidence in the Spanish ministry since the elections. The cabinet, therefore, will not resign unless the senatorial elections are adverse.

The Most Rev. Paul Bruchesi, Roman Catholic archbishop of Montreal, in a pastoral letter condemns labor leaders and organizers, and advises the laboring classes to pay no heed to strike agitators, but to look for arbitration on just and reasonable demands.

**There's a Coolness Between Them.**  
For an illustration of icy politeness watch an old maid chatting with a widow who's had three husbands.

URGES RAILWAY  
BILL'S PASSAGE

Governor Sends a Long Message to the Legislature Urging Support of Measure.

## GRAIN BILL DEAD

The Senate Put an End to the Grain Inspection Bill This Morning.

(Special to The Gazette.) Madison, April 29.—Governor La Follette sent a special message to the legislature today again urging the passage of the railway commission bill, and replying to the arguments against it made by the railway attorneys at their numerous hearings. The message is a lengthy document of 183 printed pages, and the reading was dispensed with a printed copy being laid on the members desks.

**Kills Grain Bill**  
Bill providing for a Wisconsin system of grain inspection at West Superior met its final death in the senate today the reconsideration of the vote of last week killing bill being refused by the same vote which accomplished the act. The vote was 17 to 15.

**In the Assembly**  
Similar bill will be introduced in assembly, and probably passed through. Barbers' license bill concurred in by assembly today, without debate.

**Merton Bill**  
The Merton joint resolution calling for a constitutional convention to provide for the election of United States senators by the direct vote concurred in by the assembly 60 to 27. Assembly non-concurred in the senate bill exempting mortgages from taxation by a vote of 54 to 31.

FIGHTS REMOVAL  
OF ITS POLES

The Western Union Don't Want to Give Up Its Pennsylvania Railroad Line.

Baltimore, Md., April 29.—The Western Union Telegraph company filed a suit in the United States court today asking that the Philadelphia and Washington railroad company be enjoined from destroying its system of poles and wires. The bill narrows that the railroad company has given the telegraph company notice to remove its wires and poles from the line of road by May 15. This the company has declined to do. The bill relies mainly on the act of congress passed in the year 1866, giving telegraph companies the right of use upon the lines of all railroads that are post roads of the United States. The complaint alleges that if the railroad is allowed to destroy this system the public business of the country would be endangered as well as the business of the principle cities in America and Europe.

WILL ACCOMPANY  
GERMAN EMPEROR

Chancellor Von Buelow and Marshal Waldersee to Go to Rome.

Berlin, April 29.—Emperor William will be accompanied on his visit to Rome by Chancellor von Buelow and Field Marshal Waldersee.

INVENTS SEPARATOR  
FOR LOW-GRADE ORES

Edison Has Blast Machine to Reclaim Gold From Gravel in Western Placer Diggings.

New York, April 29.—Thomas A. Edison has a scheme for extracting the untold billions of dollars' worth of gold that lie in the immense "low grade" quartz gravel beds in lower California, New Mexico, Arizona and northern Mexico. These cannot now be worked because water for the old-fashioned placer hydraulic system is lacking and the gold runs in too small a quantity to the ton to make mining it profitable under other systems.

An air blast is employed by Mr. Edison in his solution of the problem to separate the gold from the mass. His machine is simple in construction and requires a minimum of attendance and supervision. The system has now reached a working basis. Experiments on the desert near Santa Fe by Cloyd M. Champman, one of Mr. Edison's assistants, have enabled Mr. Edison and Mr. Chapman to produce a machine which, they declare, will reclaim 98 per cent of the gold from the gravel.

**Payne Gets Neely's \$6,000.**  
Washington, April 29.—M. O. Chance, private secretary to Secretary Root, has turned over to Postmaster General Payne the \$6,000 found on F. W. Neely when he was arrested in connection with the postal frauds in Cuba.

## ST. LOUIS FAIR A GALA PLACE

THURSDAY WILL BE THE GREAT  
FORMAL OPENING.

ENTIRE PROGRAM ELABORATE

No Expense Has Been Spared To  
Make it a Great Occa-  
sion.

Thursday is gala day at St. Louis. All Washington is there to help dedicate the fair. A huge procession is planned for the morning. The route is two miles through the finest residence sections and Forest Park to the triumphal causeway, leading from the entrance of the Exposition grounds to the liberal arts building. A broad asphaltum way will carry the column, between the finished fronts of five exposition buildings, decorated with the flags of all nations. The president will review the parade, from the grand stand in the court of Monuments, the principal vista of the fair.

Luncheon served by the Exposition directorate at the Administration Building will regale the president and guests until 1:30 p. m. when a grand band concert by 30 bands announces the prelude to the dedicatory ceremonies. The doors of the Liberal Arts Building will admit 35,000 persons to be seated by guards and ushers.

A grand stand at the north side will seat 45,000 guests. Accommodations for 400 newspaper correspondents are provided immediately beneath and in front of the president's rostrum. On the west side, 350 feet from the president, a chorus of 3000 voices, selected from the leading singing societies of St. Louis and an augmented band of 200 pieces will render the masters.

Promptly at 2 o'clock the vast assembly will be called to order by David R. Francis, President of the Exposition. Cardinal Gibbons in the scarlet vestments of a prince of the Roman church will lend a touch of color to the brilliant scene when he advances to the front of the president's rostrum to deliver the invocation.

Thomas H. Carter, president of the World's Fair National Commission, will be announced as the president of the day. A choral and band rendition of "The Heavens Proclaiming" will precede the presentation of the buildings by president Francis, to the president of the United States President Roosevelt will then make the dedication address.

Immediately at the close of the president's words, the grand chorus will thunder "Unfold, Ye Portals!" Former president, Grover Cleveland, the orator of the occasion will deliver a panegyric. Bishop E. R. Hendricks of the Methodist Church will pray and the Right Reverend Henry C. Potter, of New York will speak the benediction. A centennial salute of 100 guns closes the program.

At eight o'clock, the pyrotechnic display begins in front of the grand stand, near the Administration Building. The length of this production is suggested by the 52 numbers which it includes. About 30,000 persons can witness the spectacle from the grand stand. It is estimated that it will require three hours, from eight to eleven o'clock, to burn the tons of powder, the fireworks king has piled on the grounds. Henry Pain has promised to surpass anything he has done and the monumental character of some of his cards seem to assure a magnificent display.

The sensation of the evening will be the ascension of seven great gas balloons controlled by experienced aeronauts. At a great altitude the operators fire a salute of aerial guns. The largest vessel drops a huge American flag in pyrotechnics, 400 feet long by 200 feet wide. An aerial salute of 21 guns greets the appearance of the Stars and Stripes. This is the signal for dropping from the six other balloons, the pyrotechnic flags of the six greatest powers. Each flag is 150 feet by 100 feet.

Another conspicuous number will be the Festival hall and the Cascade Gardens of the Worlds Fair, done in fire on a set piece 600 feet long by 60 feet wide, the exact vertical height of the genuine cascades. Streams of opalescent fire will fall over the cascades. Other numbers will include every thing that is known to the science of pyrotechnics.

Aside from the mere pageantry of the military parade of the first day, the demonstration is intended to impress several hundreds of thousands of American citizens and her foreign guests with the fitness of both the regular army of the Republics soldiery and its National Guard.

This being the end sought by the National Commission, only the best types of troops will appear in the parade. United States engineers, artillery, cavalry and infantry will represent all arms of the service. The battalions will parade in every kind of uniform adopted by the War Department. The new cavalry dress the khaki of the field, the fatigue, and the latest olive-drab battle cloth will be shown on different battalions.

Catching the spirit of this educational mobilization, the state authorities have picked only the best drilled and equipped troops for the show. New York is sending a composite regiment, of companies selected by the Adjutant-General of that commonwealth, from the crack regiments Ohio is preparing to send the first, second, third and fourth regiments, Missouri will contribute her second, third, fourth and fifth regiments. The first Missouri will do police duty on the Exposition grounds, therefore will not take part in the parade.

Illinois intends to be represented by the fourth regiment and the second ships crew of the Naval Militia. Iowa will send her thirty-fourth regiment, Minnesota will appear with the first infantry. Louisiana sends as a guard to her governor, a battalion, and Oklahoma has prepared a similar display. What the other states will decide to do before the Dedication is only indicated by a general desire to share the honors in this monster demonstration to show that the nation is on guard.

Grand Marshall Corbin has now the authentic assignment of the United States troops. The detail includes 3,543 officers and enlisted men and 685 animals, distributed in the following order:

Infantry—Third Regiment, eight companies; three from Columbus barracks and five from Fort Thomas. Sixth Regiment—Twelve companies from Fort Leavenworth.

Twentieth Regiment—Five companies from Fort Sheridan and three from Columbus barracks.

Twenty Second Regiment—eight companies from Fort Crook.

Cavalry—Fourth Regiment, four troops from Jefferson barracks and two troops from Fort Riley.

Artillery—Two batteries, mountain and siege, from Fort Leavenworth, and two batteries of field artillery, from Fort Riley. The artillery from Leavenworth will consist of ten guns four caissons for the siege guns, one battery and one store wagon. The artillery from Fort Riley will have twelve pieces and twelve caissons.

Engineers—First Battalion, four companies from Fort Leavenworth. Under this assignment of United States troops, there will be in the parade nine battalions, four companies each, of infantry, three squadrons of cavalry, two with four troops each, and one with two troops and one battalion of artillery and one battalion of Engineers.

Governor Benjamin B. O'Dell of New York has consented to act as marshal of the State Militia on parade. Other governors will ride at the head of their troops. The United States naval contingent from the Monitor Arkansas, will be given a conspicuous place in the line.

### REPORTORIAL GLEANINGS

Gun Club Shoot: The gun club will hold its semi-monthly shoot at the Athletic park tomorrow afternoon.

Repainting Cars: Car number 7, of the Janesville Street Railway company's equipment, is being repainted at the car barns in Spring Brook.

Is a Nonagenarian: Mr. and Mrs. C. J. Schottle have returned from Freeport where they celebrated the ninetieth anniversary of the birth of Mrs. Schottle's mother. A large party, made up of children, grandchildren, and great-grandchildren was present.

A Birthday Surprise: Mrs. Laura Coyne was very delightfully surprised Monday evening, in honor of her birthday. About twenty-five made up the surprising party. The evening was spent around the card tables, after which an appetizing supper was served.

Postponed Annual Meeting: The annual meeting of the Young Men's Christian association was called to order at the association building last evening, and was adjourned for two weeks, several of the reports not being in readiness to be delivered. The date fixed for the meeting is Tuesday, May 12.

Woodman Picnic Plans: The executive committee of the Northern Illinois and Southern Wisconsin Picnic association will hold another business meeting tonight to make further plans for the annual picnic. The announcement of the prizes is expected to be made as soon as the committee can approximate the amount of money at their disposal.

Book Illustrations Completed: Prof. G. M. Brace today shipped to Chicago a complete set of blue prints, drawings, and photographs, 150 in all, to be used in illustrating his work on manual training which is now in the hands of the American Book company. Mr. Brace has been engaged for several weeks on the task, and reached the end yesterday.

Pleasant Party: Spring Brook people joined hands with residents of Jefferson in a social gathering at the home of Mr. and Mrs. Charles Maas last Saturday evening. Those present from Jefferson were Mr. and Mrs. H. Kakuske, Theodore Schumacher, Edward Peicht, Roy Kortman and Miss Freda Kortman. Dancing was indulged in, the music for which was furnished by Jefferson parties.

Attend Presbyterial Meeting: The Janesville Presbyterian church is represented at the annual meeting of the Madison Presbytery which is now in session at Cambria by M. H. Soverhill, one of the elders of the Presbytery, and Miss M. Calkins, the delegate of the local church. The sessions will close tomorrow evening, after three days of meetings.

Dougherty and Palmer: W. J. Dougherty and B. M. Palmer have formed a partnership for the transaction of legal business. Mr. Dougherty is well known as senior member of the firm of Dougherty and Scott which was recently dissolved, and Mr. Palmer has for some time been in the law office of Jackson and Jackson, having been admitted to the bar about a year ago. He graduated from the state university law school in 1900. The offices of the firm will be in the Phoenix block where Dougherty and Scott were located.

Investigated Summer Repertoire: Manager Myers was in Rockford yesterday to further investigate his project of engaging a repertoire company to play in this city through the summer. Manager Peck of the Rockford Grand is giving the Chase-Lister company a trial week's stand, and in case they meet with general satisfaction it is probable that they will be engaged for Rockford for a large part of the summer. The Chase-Lister is one of the companies with which Mr. Myers has been corresponding.

John H. Pratt  
John H. Pratt, one of the earliest citizens of Rock county, passed away at his Milton avenue home yesterday afternoon, at the age of seventy years. He was born in Preston, England, in 1833, and has resided in this county for many years. He leaves to mourn his death a wife and four children, Mrs. T. F. Kelly, Mrs. J. T. Lynch, and Henry Pratt of this city, and Edward Pratt, whose home is in Massachusetts.

### CLOUGH ORDERS FOUR CARS

Passenger and Baggage Coaches of  
New Type to be Used on  
Interurban.

Orders have been placed with a New York house for four new cars for the Clough Interurban road. Three of them are to be passenger cars, the fourth a baggage car. They will be of a different type and model from those now employed, and will have a double trolley so that they can be employed at a terminal which is not provided with either loop or turn table.

### NEW DISCOVERY IN MEASUREMENTS

Prof. Babcock of the State University, Has Theory That May Revolutionize the Scientific World.

Another invention has come from the fertile brains of Prof. S. M. Babcock, inventor of the new world's famous Babcock cream separator. Prof. Babcock is chief chemist of the agricultural experiment station and professor of agricultural chemistry at the state university. His latest invention or discovery bids fair to revolutionize the chemical world and its relation to weights and atomic measurements.

The Hypothesis  
His hypothesis is that the weight of a body is inversely proportioned to its inherent energy, potential or kinetic, or in other words, that the weight of the body is an inverse function of the heat which a body has.

Conclusions  
The conclusion has been reached after many experiments in weighing ice before and during the process of melting. It was found that some change took place internally during the melting which made the balance show a less weight at the end of the experiment. Hence the theory.

The Theory  
Prof. Babcock extends the hypothesis further and applies it to the atoms of all matter, believing that all elementary substances must have had a common origin. He maintains that the specific heats of elements are constant so far as the atoms are concerned, or speaking in general terms, that all atoms of matter were primarily identical and the same and that the difference in them comes from depriving that atom of its energy, which is its heat.

If True  
Should this hypothesis be true, it will overthrow many of the present theories of matter, not only from the chemical standpoint, but from that of physics, astronomy and mathematics, and the other sciences. For should the energy of the atoms become infinite in a body the weight would become nothing, as is the case with the ether which permeates all space. If this is true, as Prof. Babcock suggests, that the ether is matter endowed with infinite energy, it follows that the sun and stars are centers where lower potential exists than the surroundings, and it is stated that for this reason the attraction of the heavenly bodies exists and they are maintained in equilibrium.

Very Noteworthy  
Nearly all of the specialists in the different sciences in the university were at the meeting, and Prof. Babcock received many congratulations for the new theory advanced to science. Prof. G. C. Comstock, director of the Washburn observatory, says that he thinks the new theory will prove to be the most noteworthy addition to science in the last fifty years.

### BELOIT LABOR MEN IN TROUBLE

Vice President of the Machinists' Union is Ordered There to Investigate Conditions.

Serious trouble in machinists' circles in the big Westinghouse plants at East Pittsburgh are liable to cause trouble for Wisconsin machinists that may effect Beloit and Milwaukee shops. As it is Beloit has a small sized labor difficulty that has caused Vice President Thomas L. Wilson of the International Association of Machinists to be ordered to the Line City to investigate the dispute.

Handled Big Strike  
Mr. Wilson has been handling the big strike of the Union Pacific machinists. His new field will lie in Beloit where he will thoroughly investigate the agreement that the machinists are trying to have the Huber Machine company as regards decreased hours, more pay, paying larger wage for over time and regulating the employment of apprentices.

Not Serious  
At the headquarters of the union in Milwaukee President O'Connell says that the matter is not considered serious and no definite action will be taken until Vice President Wilson returns from his investigation and makes a report of the existing conditions.

### BRIDGE PROJECT PLEASES PEOPLE

THIRD AND FOURTH WARD RES-  
IDENTS APPROVE.

IT WOULD FACILITATE TRAFFIC

The Idea is Not New, But the Mayor's  
Action Makes it Much More  
Definite.

Spring Brook residents and manufacturers are more than interested in the idea of a new bridge across Rock river at some point near the city pumping station, and expressions of approval of that portion of Mayor Wilson's inaugural, wherein he recommends that initiatory steps be taken looking to the construction of such a bridge, are heard in that section of the city.

Very Convenient  
Such a bridge would prove very convenient for those people especially who live over in the third ward but have business interests in Spring Brook, for at the present time they either have to go around by Hollet avenue or north to Court street bridge before they can cross the river.

Not New Idea  
The idea of having a bridge span the river at this point is not a new one, as it has been agitated before and offers of assistance were made by interested property holders if such a project could be successfully started. Now that the new mayor has seen fit to incorporate such a suggestion in his initial address to the new council, interest in the matter is again springing up and the subject is being discussed with reawakened zeal that will soon kindle into enthusiasm, especially in those portions of the city most interested,—the Third and Fourth wards.

Site Suggested  
Those who have been looking into the matter suggest that a good location for a new bridge would be at the point where Racine St. comes down to the river in the 3rd ward, for the Rock is rather narrower there and an easy connection could be made with Galena street on the Fourth ward side.

### MUCH MONEY IN CHANGING MOLDS

Cement Post People Are Not Sparing  
Expense to Make Work  
Perfect.

Over \$2400 was expended by the Cement Post company during the month of March for new moulds and the expense incurred thus far during the present month for the same purpose is \$1300. These sums expended in two months for this one item alone, gives something of an idea of the scope and importance of the work which will be done out at this great factory when it resumes active operations, which will be soon.

Word has been received announcing the shipping from the factory, in Freeport, of the new wire twisting machine and its arrival here is now expected at any time. Over 30,000 pounds of wire is now on hand at the factory ready for twisting when the new machine shall be properly installed.

When work is resumed at the plant the new and improved additions to the equipment and the proposed increase in the working force, will add very materially to the daily output of the concern.

### NOTES OF THE CLUBS

The following Janesville women have been appointed members of the standing committees of the First District Federation of Women's clubs: Mrs. Charles Tarrant, art; Mrs. Minnie N. Menzies, library; Mrs. George G. Paris, reference and reciprocity bureau; Mrs. E. O. Kimberley, town improvement; Mrs. Whitne y Fisher, household economies.

J. Wood Miller will give a "Niebelungen Lied Hechtal" Friday afternoon at the close of the Art league meeting in the high school building, under the auspices of the club women of the city.

The seventh annual convention of the Wisconsin Federation of Women's clubs will be held at Appleton, October 20, 21, and 22.

Prof. T. L. Wright will give his sixth and last lecture on Greece before the Art league Friday afternoon, May 8. The subject will be the "Olympic Games."

"Alexander's March" will be discussed at the regular meeting of the history department of the Art league Friday afternoon.

Finishes Ministerial Course: Mr. and Mrs. E. A. Schoenberg went to Chicago this morning, where they will attend the graduation and commencement exercises and banquet of the Chicago Lutheran seminary. Mr. Schoenberg's brother, Rev. Theo. Schoenberg, is a member of the graduating class.

### WOMEN MET AT METHODIST CHURCH

Mrs. C. E. Hunt Addressed the W. C.  
T. U. Members Yesterday  
Afternoon.

At the First M. E. church a very helpful meeting for women was held yesterday. Mrs. C. E. Hunt, national lecturer of the W. C. T. U., spoke particularly of the proper care of childhood from earliest infancy, the education of mine and morals first; the training of the girls to become true home makers and home keepers. The church was tastefully decorated with ferns, flowers and flags. Mrs. N. E. Held, local superintendent of the Mothers' Meetings' department, presided. Rev. W. W. Warner conducted the devotionals, and Mrs. W. W. Warner sang a solo, "The Little Maiden's Song." Mrs. C. E. Hunt, of Harvard, Ill., was then introduced and addressed those present on the subject, "What Shall We Do With the American Boy?"

The principal point considered was the vital importance of the care of this American boy, who is the boy from foreign shores who comes here with his parents, the boy born here of foreign parents, in fact every boy in America. There was ninety thousand immigrants landed here in one month from other countries, three thousand in one day. We should be proud of these witty, bright boys who came here and how important their education in patriotism and morals.

She spoke of Sabbath desecration, the awful influence of the drink traffic, and who were really to blame for the existing evils of today. The blood of the American boy will be required at the judgment day of some one, and if we do not protest in every way possible as may ourselves have to answer.

### L. D. HARVEY GOES TO MENOMONIE

Former State Superintendent To Take  
Charge of the Dunn County  
Schools.

However forgiving State Senator Stout may be for the slap given him by the administration just previous to the fall campaign he still remembers the man who was the cause of his statements that brought about the trouble and has given him the position of superintendent of schools of Dunn county schools.

Harvey's Position  
L. D. Harvey of Madison, former state superintendent of public instruction, was elected superintendent of the Menomonie schools in place of J. E. Hoyt, resigned. Mr. Harvey also will have charge of the Dunn County School of Agriculture, and the Dunn County Normal school.

Pleases All  
The election of Mr. Harvey to the superintendency has created much favorable comment here and throughout the county. The change was brought about through the efforts of Senator Stout, the chief patron of the school system, who never was reconciled to Mr. Harvey's defeat in the last state convention. It is stated that Mr. Harvey's salary as superintendent will not be less than \$5,000, the city contributing \$2,000; and the county \$500 annually. Senator Stout makes up the balance.

For Half Hour Schedule: Superintendent Nutt of the Interurban road hopes to establish a half hour schedule during at least part of the summer. Experiments are being made this week to determine the possibility of making proper meeting connections. It is probable that the location of the Spring Brook siding will have to be changed.

Miss Mary Cronin is on the sick list at the home of her parents, Mr. and Mrs. L. J. Cronin on Eastern avenue.

## SPRING BROOK WANTS STATION

Thinks They Are Being Slighted by the Interurban Railway People.

Residents of Spring Brook are wondering why the management of the Rockford, Beloit and Janesville Interurban road cannot arrange for the sale of tickets in that part of the city. The road traverses the entire length of McKee boulevard and is a great convenience for people in that section, but under the present arrangement of having to pay on the car when an out-of-town trip is made, it costs full fare both ways, while from the center of the city, where tickets are on sale, a round trip can be had at a reduced rate.

**The Difference.**  
For instance, from Baker's drug store to Beloit and return is fifty cents if a ticket is bought, while from Spring Brook to Beloit and return the fare is sixty cents and cannot be any less, as no tickets are on sale in that section of the city. The Samuel's store at the corner of McKee boulevard and Eastern avenue is now used as a waiting room for interurban passengers and if tickets could be placed on sale here it would be a great convenience, and an act much appreciated by Spring Brook people, especially those who travel.

**Ballasting Tracks.**  
Just now the interurban management is having the track on McKee boulevard ballasted and nicely graded and if the street was properly graded the railway people would fill in between the rails so that their track could be easily crossed at any point, the same as up in the business part of town.

**Needs Attention.**  
The attention of the new city administration, if turned to this section of the city, could find many things that need looking after and a chance to give many needed improvements to an industrial center that is springing more and more into prominence each year.

**A Generous Convert.**  
Ballington Booth has been telling his friends about a woman who stood up to testify to her conversion in the days when he was with the Salvation army. She said: "I was very foolish and vain. Worldly pleasures, and especially the fashions, were my thought. I was fond of silks, satins, jewelry, ribbons and lace. But, my friends, I found they were dragging me down to perdition. So I gave them all to my sister!"

## LEE TELLS ALL ABOUT BOODLE

### SENATOR FARRISS IS CALLED

Former Lieutenant Governor Is to Face the Legislator When He Appears Before the Grand Jury and a Dramatic Meeting Is Expected.

St. Louis, Mo., April 29.—John A. Lee, former lieutenant governor, has furnished Circuit Attorney Folk a long typewritten statement of his connection with boodling in the legislature, telling the story of how he was induced to enter the combine and giving the names of senators and representatives whom he knows to have accepted boodles for the suppression or enactment of legislation in the general assembly during the sessions of 1901 and 1902.

**Keeps Statement Secret.**  
Mr. Folk declines to give Lee's statement out at present, but the circuit attorney is thoroughly satisfied that the exposure is complete, the names and dates being carefully recorded, and it is believed that men who have not hitherto figured in the state steal will be found to be smothered as badly as those already indicted.

It develops that the report of the committee on jurisprudence which Senator Orchard induced the record clerk to incorporate in the senate proceedings after the general assembly had adjourned since die as having been reported prior to the adjournment was prepared by an attorney of the baking powder trust, not a word nor a line being changed therein.

**Another \$1,000 Bill.**  
Another \$1,000 bill came to light. It was deposited in the Citizens' bank of Jefferson county, at Festus, by a state senator, and R. W. Donnell, cashier of the bank, has been cited to appear before the grand jury and give the name of the senator who deposited it.

Senator Farriss was served with a subpoena at Steelville. A dramatic meeting is promised when he faces Lee before the grand jury, as Folk intends to have the ex-lieutenant governor present when Farriss is testifying.

**After Trust Official.**  
Jefferson City, Mo., April 29.—From evidence now being gathered by the authorities it is predicted that before the investigation is ended a prominent official of the \$20,000,000 baking powder trust and one of the largest stockholders will be under indictment.

D. J. Kelley received money to bribe the Missouri legislature from a financial representative of the trust, the authorities say, and if the identity of this man can be positively established he will have to stand trial on a charge of bribery.

**May Involve Stone.**  
In view of the statements made by Frank P. Welsh and Joseph Shannon, Democratic leaders, to the effect that ex-representative Knelsley told them ex-Gov. Stone had asked him to work for the passage of the anti-lum law, it is incumbent on Russell Knelsley to explain just what connection United States Senator William J. Stone had with the baking powder trust during the 1899 session of the Missouri general assembly.

A telegram Senator Stone is said to have received from Russell Knelsley, which he has caused to be published, says: "All purported interviews with me are fakes."

Knelsley's telegram did not deny he said Senator Stone had asked him to advance the bill on the special calendar, nor has he yet denied it.

## ASSESSORS ARE NOW ON RECORD

All But One Sign Petition Against Exemption of Credits Bill Now in Legislature.

With one exception every assessor present at the meeting of assessors held in the circuit court room yesterday signed a resolution which was presented late in the afternoon by G. U. Fisher of the town of Center, protesting against the passage of the exemption of credits bill now before the legislature, and already passed by the senate. When the resolution was presented, it was overruled as out of order by Supt. of Assessors McIntyre, but it was nevertheless signed by every man save C. P. Whitford of Beloit. The text of the resolution follows:

Be It Resolved, that we, the assessors representing the cities, villages and townships in Rock county, do hereby protest against senate bill No. 342, exempting bonds, mortgages and all other credits from taxation.

**Evil Results Alleged.**  
Whereas, the senate committee on taxation has favorably reported, and the senate has already passed, senate bill No. 342, exempting bonds, notes, mortgages and all other credits from taxation, and

Whereas, the enactment of this bill into law would be attended with the following evil results:

1. It would end all further effort to secure the taxation of bonds, notes, mortgages and other interest-bearing securities, which has been attended with encouraging success during the last two years.

**Money Loss.**  
2. It would strike from the tax roll 70,000,000 of dollars of taxable property, most of which has been added to the tax roll within the last two years.

3. It would greatly increase the tax upon real estate and live stock, merchandise and other forms of personal property left upon the tax roll.

4. It would absolutely allow all national banks, and doubtless all state banks, to go untaxed, and would exempt many men of wealth from taxation altogether.

**Protest Against Passage.**  
Now, therefore, we, the undersigned, assessors of Rock county, in the state of Wisconsin, do hereby enter our most earnest protest against the passage of senate bill No. 342, exempting bonds, notes, mortgages, and other securities from taxation as being unjust, in violation of the principle of equal taxation, and the spirit of a republican form of government.

And be it further resolved that the secretary of this meeting be directed to immediately send a copy of this resolution to the assemblymen and the senator now representing the county of Rock in the legislature, and asking them to use their best efforts to prevent the passage of senate bill No. 342.

**General Samuel Thomas.**  
Gen. Samuel Thomas left a fortune of over \$10,000,000 to be squabbled over. The good that men do lives after them. Thomas was the hardest proposition after the almighty dollar that I ever knew. If he ever did any real good to his fellow mortals I should like to see the record of it. He never put a dollar anywhere that he did not calculate on getting \$160 profit on the investment. Harold, cut off with \$5,000 a year, will attempt to break the will.—New York Press.

## Pain

In My Heart I Could Not Lie Down.

Was On The Verge Of Insanity.

Choking Sensations I Was Afraid to Sleep.

"For years I was troubled with pain around the heart, fluttering and choking sensations—part of the time could not lie down. In short I was a nervous wreck; such violent jerking of the arms and limbs; nervous prostration—in fact was on the verge of insanity—was afraid to sleep for fear I would never awaken. I saw a testimonial in our paper from a man similarly afflicted, and an account of the help he derived from the use of Dr. Miles' remedies. By the persistent use of the Heart Cure, Nerve, and Pain Pills I soon felt like a new woman. I am never troubled with these remedies now. In writing the above I feel that the half has not been told. No one who has not been through it knows or can know what on the verge of insanity means. Your remedies were surely a god-send to me. There is scarcely a week but what I recommend them and in nearly every case induce someone to try your remedies, and the results are satisfactory that they continue to take them. One recent instance I recall. I was in Lawrence and called to see a friend who was very sick with muscular rheumatism. She was nearly crazed with pain and had given the money to my mother to get her some morphine to quiet the pain. I told her what your Pain Pills had done for me and finally persuaded her to send for them. She had only to take two of the Dr. Miles' Anti-Pain Pills and she was free from pain."—Mrs. Arthur Osborn, Decatur, Mich.

## AMERICAN WORKMAN.

Recently England sent a delegation of workmen to this country to investigate the labor conditions and the differences in salary and living. This committee spent some time visiting all the large manufacturing of the United States. On their return they made a report which has awakened England to the fact that the American industries are far surpassing theirs and that the American workman is by far better paid, better fed and better dressed than his English cousin.

In summing up the differences the committee reports. In the beginning of things the American boy is better educated than his English cousin. He has the advantage of the education before he enters the work field. Then through machinery the American man workman can do more work in an hour than the Englishman in addition to this he works more hours a day. If he is a piece worker and though his individual capacity turns out more work than another man in the shop he not only is not subject to a cut in wages but is encouraged to do more. In general his employer is pleased to increase the output to each man and is disposed to pay in proportion as the man accomplishes this. Machinery is welcomed by the employee who sees in it higher wages and lighter work. If a workman makes any suggestions as to machinery and improved methods he is encouraged and rewarded by the employer. Then to the employer is far more accessible to the American workman than he is in England. Gambling is almost as unknown among the working class as it is prevalent in England. Drunkenness is almost unknown. An American can save by far more money. The general conditions of the country are better. These are the fundamental statements of the committee and then the chairman Moseley says as a word of warning the following statement:

"I can only say that if we are to hold our own in the commerce of the world, both masters and men must be up and doing. Old methods must be dropped, old machinery abandoned. Practical education of the masses must be instituted and carried out on a logical basis, and with efficiency. The bulk of our workmen are already both sober and intelligent, but with many of them there is urgent need for them to become more sober, more rational, more ready to adopt new ideas in place of antiquated methods, and improved machinery whenever produced, and to get the best possible results from day's work. Manufacturers for their part must be prepared to assure their men a piece price that will not be 'cut' when the latter's earnings exceed what has hitherto been considered sufficient for them. Modern machinery must be introduced, co-operation of the workmen sought, and initiative encouraged in every possible way. Without such a modernized system we cannot hope to compete with countries like the United States, which has this advantage, and is moreover blessed with natural resources such as we do not possess. Britain has, however, in the past led the world, and might yet continue to do so. The material is here. It remains for the masters and men to mutually decide whether and how far it shall be utilized in the future."

## THE NEGRO PROBLEM

Since Abraham Lincoln made the slaves of the South free and gave them the right of citizenship the question of what to do with them has been seriously considered by men of learning and those interested in the future of the black brother. Plans have been devised for their betterment, for their education, for their becoming good and trustworthy citizens without success. There are colonies, there are schools, there are negroes who are good citizens, but the bulk of those found in the South

are a worthless lot who do not know the meaning of the word freedom except that they need not work. Men like Booker T. Washington have tried to educate, to elevate the morals and the intellect of their people but the mass refuse to listen and prefer a life of idleness to one of toil and labor. Dr. Lyman Abbott says of the situation: "We made an error in giving him suffering before he was fitted for it and the poor negro has had to suffer ever since." What the negro wants is education. He wants to be taught that he is a creature like other men. He wants to be taught that he can rise in the world only through his own efforts. They want educational industrial schools where they will be taught a trade, taught to care for themselves, taught how to plow, to sow, to be good. If Booker Washington has done nothing more for the negro than to call the attention of the North to their deplorable condition, he has done a wonderful work. Few negroes want to be farmers. Few negroes who study in the schools of the South ever become farmers after leaving the school. They are blacksmiths, tanners, carpenters, but not tillers of the soil. Before the war the South produced 4,000,000 bales of cotton each year. Now they produce 12,000,000 bales, or nearly one-fourth of what the world does. The majority of this is raised by the negro. They are natural workers of the cotton fields of the south. Should they stop, should they cease to be producers, then the white farmer would be forced to go into the field. The negro is not apparently wanted in the north. He is mobbed in many of the states and his offspring can be excluded from schools in Kansas. His place is in the south. He must stay there. But how is he to live? Will he be asked? Give him a plot of ground. Give him his implements. Give him his seed and turn him into a cotton farmer. He will be self-supporting. He will be useful and his share in the great industries of this country will be assured.

## IMMIGRATION

Immigration figures for the fiscal year 1903, seem likely to surpass any preceding year, except 1882. The figures of the Bureau of Immigration furnished to the Bureau of Statistics for its monthly publication of Commerce and Finance, show that the total immigration into the United States for the 9 months ending with March 1903 was 494,425, against 370,575 for the corresponding months of last year. This makes it almost certain that the total immigration into the United States for the fiscal year which ends 60 days hence, will exceed that of any preceding year except 1882, in which the total was 788,992.

Italy supplied the largest number of immigrants in the 9 months ending with March last, the total from Italy, (including Sicily and Sardinia) being 129,800. The next largest number considered by nationality was from Austro-Hungary, 123,234, and third in rank, Russia, (including Finland) 81,731; Sweden ranked fourth, 25,080, Germany 23,482; Ireland 16,930; Japan 15,185; England, 14,021; Norway 11,316, and Rumania 7,358.

All Washington seems to be wending its way towards St. Louis and those dedication ceremonies. With Washington and all the state officials and foreign diplomats, present the Saint down by the great Father of waters should be a very gay place.

On every side we see evidences of the full dinner pail and the happy workman. We have no wars to disturb us except as the newspapers recount them, but still there are some people who do not know when they are well off.

June is drawing near and the average college student is making all his plans to go out and astonish the world. A year from now he will wonder why he ever was such a fool.

One prominent educator says send your boy to school but if he will not study, to educate him by placing the hoe handle in his hands and telling him to dig bait.

It must seem like the "Good Old Summer Time" for Grover to be once more speeding westward on a special train out of Washington.

Now up comes that traction scandal in Chicago again and many prominent citizens are summoned to appear before the Board of Inquiry.

Lt. Governor Lee, of the "show me" state has resigned. Pressure of business was not, however, assigned as his reasons.

The governor's organ still continues its attack upon men who are so great that their small brains can not appreciate them.

It is wonderful to witness with what patience the misguided opponents to the prosperity of Uncle Sam predict disaster.

Bro'r Watterson's caustic remarks upon Bro'r Cleveland's speech at St. Louis will be interesting to read.

Do you notice that Roosevelt says just the right thing at the right place on his western trip?

This weather is better than snow and ice by a good deal, but still a little warm sunshine regularly would be very acceptable.

The baseball fan is rejoicing that spring is here and baseball is not the sport it has been in the past two years.

What Spring Brook residents want to know, is McKee boulevard to be fixed this summer or not?

It is astonishing the amount of bait that is being used that never sees a fish pole these days.

Persons who took down their winter stoves will be sorry they spoke so soon.

King Edward is having a gay old time these days on his journeys.

Which would you rather do; carry the bait or go fishing?

It appears to be a case of armed neutrality in Madison.

## PRESS COMMENT

Evening Wisconsin: Question: If it will cost \$100,000 to open the St. Louis fair, what will it cost to close it? Answers will be received from Buffalo.

Boston Herald: Chicago elected a native American mayor, a Polish city attorney, a German city treasurer and an Irish city clerk. It's a great polyglot town.

Chicago Inter Ocean: Mr. Bryan says that Mr. Cleveland betrayed his party and disgraced himself. Thus does the great cause of democratic harmony continue to flourish.

Birmingham Age-Herald: An apartment house at once becomes a tenement house when babies are admitted. Babies are a plumb nuisance in many places in this world.

New Orleans Times-Democrat: Though you search the pages of history you will find no record of a successful traitor. Because whenever a traitor has succeeded, history, the conscienceless jade, calls him a hero.

Buffalo Express: A young woman whom a New York fireman saved from the Windsor fire four years ago has just married him. The hero dodged the reward much longer than most men who save young women are able to do.

New York Telegram: This country, President Roosevelt declares, is irreversibly committed to the principle of protection. Then in self-protection it had better send somebody over to Trenton, N. J., to swat that beef trust recently incorporated.

Chicago Record-Herald: A Parisian is now able to photograph the human emotions. Every one should have a photograph of the emotion that accompanies the inheritance of \$1,000,000. There's nothing like a cheerful picture to keep gloom away.

Boston Herald: Ex-Attorney General Briggs is profoundly astonished. But his immediate successor, Attorney General Knox, isn't. The degree of a lawyer's astonishment largely depends upon whether the case goes his way or the other, apparently.

## MONKEY SHOW AT MYERS GRAND

Al. Schuch Will Give an Entertainment at the Opera House This Evening.

Ten cents for any seat in the house is the price which will be charged this evening at the Myers Grand for the trained dog and monkey show which will be given by Al. Schuch's troupe of trained animals. Mr. Schuch has been here repeatedly in past years and the skill and cleverness of his performing animals is well known. Among those whom he has with him this season are Little Teddy, said to be the highest diving dog in the world; Carrie, the baboon comedian; Pat, the monkey barber; Coney, the midge monkey, and many others. Great attention was called to Mr. Schuch when he walked through the streets about a week ago accompanied by a dog on whose back a monkey was securely perched.

## BUSINESS MEN TAKE UP PROJECT

COMMITTEE APPOINTED TO SEE  
ABOUT REST HOME.

### MANY PLANS ARE DISCUSSED

Meeting of the Business Men Last  
Night, Was Well At-  
tended.

Three members of the business men's association were appointed last evening with the other committees which are now engaged in boosting the rest room project. They were also instructed to look upon the available locations for a public market, which might be established in this city. It was felt that if a rest room could be located on the public market, its success and self-support would be assured from the outset.

The meeting which was held in the assembly room of the city hall was not largely attended but every one present ventured an opinion on the subject and some profitable discussion resulted. The object of the meeting was stated by Rev. Denison who outlined the progress which had been thus far made. The most available site, he said, was a store on North Main street, near the Gazette office, which could be rented for \$20 a month. Two rooms could be furnished, one a general room for men and women, the other for women only.

**Rooms to Rent.**  
A matron could be employed who would not be obliged to stay in the building at night, and later on rooms on the second floor could be rented, and some income derived therefrom. They would be especially convenient for ladies who obliged to spend the night in the city and were unaccompanied.

The total expense of the building for a year, including heat, rent and incidental expenses, he believed, would be between \$400 and \$500. The Forty Thousand club of Madison, he said had assumed the rent of the rest room in that city, and the Elks the light and heating, but he believed that in Janesville it would be necessary to rely at the outset on individual subscriptions.

**Committee Appointed.**  
What Rev. Denison especially desired was that a committee be appointed to act with the ladies who are pushing the movement. On motion, President Carlo, appointed, at Rev. Denison's suggestion, I. F. Werdnig as chairman, and H. J. Cunningham and A. E. Bingham as the other members.

**Available Sites.**  
Several available sites were discussed, among them the old county jail, and the Atwood property opposite the Franklin house, south of the new post office, both of which it was thought might be turned into market places, and a rest room located near by where the farmers' wives could not fail to take advantage of it. Rooms on the second floor of the assembly block which will be vacant June 1st were spoken of as well fitted for rest rooms.

### MILTON COLLEGE PLAYING UNIVERSITY OF WISCONSIN

Went to Madison This Morning to  
Meet the Big  
Opponents.

The Milton college baseball team was in the city for a short time this morning, the boys being on their way to Madison where they played the university of Wisconsin team this afternoon. This will be the second game played this season by the Milton nine, they having defeated the Crescent Athletics of Milton Junction, last week by a score of 7 to 5. The team is under the command of Captain J. T. Whitford and there were 18 in the party who went to the Capital City this morning.

### WILL ATTEND CONVENTION IN TOPEKA, KANSAS, TOMORROW

J. C. Kline and Two Other Members  
Left This Morning for  
Meeting.

J. C. Kline, local secretary of the Y. M. C. A., J. H. Shekey and Fireman Miller of the Chicago and North-Western railway force, left for Chicago this morning and from there they expect to go to Topeka, Kansas, to attend the international conference of railroad Y. M. C. A. workers, which will be held in that city from April 30th to May 3rd.

This is a very important meeting, including as it does, all of the representative railway men interested in Y. M. C. A. work from this and other countries, and the local association is fortunate in having a delegation to represent it in the deliberations of the conference.

**Public Notice.**  
On and after May 1st all Crystal Lake ice will be sold by the pound. Coupon books will be issued for 400 pounds each, subdivided so that any amount of ice from 5 pounds up can be secured. The change is made necessary because of the inequality of the "so-much-for-the-season" system. The small consumer pays for much of the larger consumer's ice. The benefit derived will be good for all concerned; you pay for what you use, no more. All cities of any size use the coupon system and find it much more satisfactory. Books can be secured from the wagons, and all unused coupons at the end of the season will be redeemed in cash.  
J. E. INMAN.

**Emerson-Eldredge.**  
The marriage of Miss Nellie Emerson, of this city, to Fred R. Eldredge of Afton, will be solemnized at the home of the bride's father, Daniel B. Emerson, 124 Terrace street, at 8 o'clock this evening. The ceremony will be performed by Rev. Howland Hanson, pastor of the First Baptist church, Beloit, and will be witnessed by many relatives and friends of the contracting parties.

## THE BLIND PUPILS WERE ENTERTAINED

Christian Endeavor Society of Court  
Street Church Were the Hosts  
Last Evening.

Members of the Christian Endeavor society of the institute for the blind were last evening the guests of the Court Street Methodist Episcopal church. Some weeks ago the society of the blind school were the hosts of the Epworth leaguers and the compliment was delightfully returned last evening. A charming program of musical and literary numbers was followed by an appetizing luncheon. A large number of the students and teachers of the blind school were present.

### LOCAL PERSONAL PICK-UPS

Meet Tonight: The boys' choir of the Presbyterian church will meet this evening at seven o'clock.

In Justice Court: In Justice Earle's court this morning in the case of P. A. Taylor against Alfred Peterson, judgment was rendered plaintiff in the sum of \$13.60.

Attends Photographers' Convention: R. H. Barlow is in Milwaukee attending a meeting of the Wisconsin Photographers' association.

Yard Needs Repairs: The janitor of the Douglas school has reported to the school board that the yard is in such condition that it is practically impossible for him to compete for the Twilight club prize, and asks that repairs be made under the direction of the school board. A committee was appointed to look up the matter.

Attended Rockford Banquet: A party of eighteen ladies from the local lodge of Royal Neighbors of America went to Rockford yesterday afternoon and there attended a banquet given in the evening by the Royal Neighbors of that city.

Many Volumes Rebound: About three hundred volumes from the public library are in the hands of the binder, being given new covers before going on the shelves in the Carnegie building. About two hundred new volumes of magazines have been ordered to complete the files.

Roof on Building: From the exterior the new Hasset and Echlin building presents the appearance of a finished structure. The roof has been completed and the work within is being rapidly pushed.

Masons at Work Again: The joists of the second floor of the post office building have been laid, and this morning the force of masons was put back at work again.

Doctors at Beloit: The fourth quarterly meeting of the Central Wisconsin Medical society was held in Beloit yesterday, and as is usual at its sessions Janesville physicians took a prominent part in the program. Among the speakers were Dr. E. E. Loomis, James Mills, J. F. Pembler, W. H. Palmer, E. F. Woods, J. B. Whiting. The last also responded to a toast at the banquet.

Good Fishing at Ford: Parties of Janesville fishermen are daily going to Indian Ford, where the fishing is said to be excellent. A number of sportsmen are at the Ford today and another large party will go tomorrow. Quantities of pike are being captured.

Working for Meet: From ten to fifteen high school athletes are daily trying themselves out at the fair grounds, working down into shape for the coming county meet which will be held at Evansville on the sixteenth of May.  
Moving House Up Hill: The dwelling house which is being removed from the lot on South Main street where Cullen Bros. are to build a flat building, is being hauled on rollers up the Court street hill, and appears perilously liable to slide back down the slope.

## THREE BOYS ARE NOW AT SCHOOL

WOLETZ AND TWO MILKE YOUNG-  
STERS GO TO WAUKESHA.

### WOLETZ'S PAROLE RESCINDED

The Division Fence Case From Or-  
fordville, Was Settled Out  
of Court.

Two actions were scheduled for Judge Pfeiffer's court today, and both were dismissed before coming to a hearing. John Woletz, one of the four boys implicated in the whiskey stealing episode, was to have been heard today. Word from Supt. Hutton of the Waukesha Industrial school, asking that he be returned immediately, obviated the necessity of passing further sentence upon him. Woletz had been paroled from the school on his good behavior, but when news of his falling from grace in his recent escapade came to Mr. Hutton the parole was immediately revoked.

**Taken to Waukesha.**  
Woletz was taken to Waukesha yesterday with the two Milke boys, and will remain there until he reaches his majority, unless he is previously released in due legal form, which is hardly probable unless he gives greater evidence of sincerity in his protestations of reform than in this instance. J. J. Cunningham was to have defended Woletz today. In the action brought against him by District Attorney Jackson, acting for the state.

**An Orfordville Case.**  
An assault and battery case, arising out of a line fence dispute was also to have been tried today. The altercation arose between two Orfordville land owners, Harvey Eldahl and O. Onsgard. The outgrowth of the trouble, it is alleged, was a violent assault by Eldahl upon Onsgard. A jury was drawn Monday and the case set for 1:30 this afternoon. Before that time the attorneys announced that an agreement had been reached out of court.

## DATE IS FIXED FOR THE DEBATE

SUPERINTENDENT BUELL HAS RE-  
CEIVED WORD FROM APPLETON.

### MAY 8 IS NOW DECIDED UPON

The Declamatory Contest as Well,  
Will Add to the Interest  
in Affairs.

Supt. Buell has received word from the Appleton high school agreeing to Friday, May 8, as the date of the debate which will be held between the local high school and the Appleton school. The contest will take place in this city, and will be novel in the fact that declamatory teams from the two institutions will also compete.

**Contest in Declamation.**  
Adding a declamatory contest to the debate has been under consideration for some time, but the advisability of attempting was considered doubtful for a time. It has not yet been decided whether two or three representatives from each school will constitute a team. The award will be given to the school securing the greatest number of points on its team, and not individuals. It has not been decided what speakers will represent Janesville.

**The School's Debaters.**  
Harry Doran, Henry Skavlem, and John Roherty are the men who will uphold Janesville's honor in debate. They have worked faithfully for many weeks, and it is believed that success will attend their efforts. The subject to be discussed is government ownership of the coal fields and they will uphold the affirmative side of the question. The contest will take place in the high school building, whether in the auditorium or gymnasium has not been determined.

**Banquet After Contest.**  
At the close of the contest the Rusk Lyceum will give a banquet in honor of the debaters. Covers will be laid at the Myers house for about fifty persons, including the members of the Lyceum and the young ladies whom the members may invite as their guests. An impromptu toast list will probably be also in order.

Dean E. M. McGinnity and Rev. J. J. McGinnity were morning passengers for Milwaukee.

Janesville Daily Gazette, Wednesday, April 29, 1863.—No paper will be issued from this office tomorrow. The observance of the day as a fast day in the manner indicated by the president will be quite general. If important news reaches us by telegraph we shall issue an extra.

In compliance with the president's proclamation there will be services at the Baptist house of worship tomorrow. The pastor will preach a sermon suitable to the occasion in the morning. The evening hour will be devoted to prayer and conference. It is earnestly desired that all our citizens will observe the day in an appropriate manner, and seek his favor, and that places of worship be thronged with the reverent and humble, who believe that God's providence controls the destiny of nations.

## PUTS AND CALLS: WHAT THEY MEAN

An Explanation of Board of Trade Terms That Is Interesting to All.

Privileger, or as they are commonly called "puts" and "calls" are contracts giving the right to purchase or sell within a stipulated future time at a given price.

A call is a contract whereby the seller agrees for a consideration to sell to the buyer at his option, at some future period, a certain quantity of property.

Calls on grain are generally dealt in, on the Chamber of Commerce, are divided into three classes, namely: For the next day and for the next week and are sold at slightly higher than the market price at the time of the purchase.

Calls are used as a protection against loss, in other words are an insurance. As illustration: A miller offers to sell 1000 barrels of flour to a London dealer. This offer, according to the London Exchange rules remains open for acceptance until 3 o'clock the following day (London time) which is nine o'clock here, thus giving the English buyer until the next day to decide if he will accept the offer.

After our miller has made his offer something might happen to disturb his mind regarding the probable price of the wheat next day. A severe frost may be predicted, rumors of war abroad may be heard, or from other unlooked-for causes, there appears to him a prospect of higher wheat markets the next day.

To protect himself against such possible advance and perhaps loss, he can by a call, or 50,000 bushels of wheat (the approximate number of bushels necessary to make 10,000 barrels of flour) at a fraction of one cent over the market price of his option, at that time for which he pays \$50, or \$1 for each 1000-bushels. This \$50 may insure him against any loss, and surely limit it.

If on the following day his offer of flour is accepted, he avails himself of his call or privilege to buy wheat or not, as best serves his interests.

# Underwear Importance...

## Belfast Mesh Underwear

Admits Dry Air To the Body.

THIS fact is important when several points are considered. No fabric has the property of imparting warmth. Downiest wool, soft silk, fleeciest cotton—none of these fabrics imparts one degree of warmth. The body alone is the source of heat. The body is a furnace, the food is the fuel, and our body-furnaces transmute this fuel into heat and moisture. Belfast Mesh Linen Underwear allows the moisture from the body to evaporate and at the same time the underwear remains dry—even on the warmest days. It cannot shrink because linen does not shrink. The skin is kept in healthy condition, because nothing retards the action of the pores.

In a word Belfast is based on Hygienic principles, preserves health and cleanliness. One can change to Belfast without the danger of catching cold. It is an all year round garment at \$3.00.

### IS BURNED IN GETTING WATER

Cashier of Duluth, Minn., Electrocuted by Peculiar Accident.

Duluth, Minn., April 29.—Samuel V. Gilbert, cashier of the Red Cliff Lumber Company and brother of President Frank L. Gilbert of the same institution, dropped dead at his home here as a result of an electric shock sustained while turning on the light in one of the upper rooms while seeking a glass of water. An autopsy disclosed the fact that both hands were badly burned. The electric light wires in front of his home were crossed and the insulation was somewhat defective and Mr. Gilbert, by having his hand on the water faucet at the time he endeavored to turn on the light, made a short circuit of the current, causing his death.

### JEWS ARE CAUSE OF LABOR RIOT

Longshoremen Raise Anti-Semite Cry and Militia Called.

Montreal, Que., April 29.—Anti-Semitism developed in the longshoremen's strike. There were about a half dozen vessels in port and on four of these work was commenced. Most of the nonunion laborers are Italians and Jews. At noon 300 men and their sympathizers went from ship to ship crying "Kill the Jews." The police on guard at the various piers drove them back at the point of revolvers. Six hundred militia men are stationed at the harbor front, guarding property and protecting the nonunion men.

### BEAM IS ACCUSED OF MURDER

Coroner's Verdict Fixes Responsibility for Martha Lawrence's Death.

Valparaiso, Ind., April 29.—Coroner Carson held Truman Beam responsible for the murder of Martha Lawrence, who was found dead in bed Friday morning, April 24. The coroner alleges that the girl was choked to death by Beam. Beam when apprised of the coroner's verdict broke down, wept and said: "I would serve a term in the penitentiary if it would clear me."

### Dark Crimes in Macedonia.

Constantinople, April 29.—An idea of the disturbed state of Macedonia is shown in an official report of twenty-two political murders committed in Monastir. Of these eight were committed by Turks, eight by Bulgarians and six by persons unknown.

### Clevelands Look for Stork.

Philadelphia, Pa., April 29.—The stork is expected to visit the home of former President Grover Cleveland in Princeton, N. J., about the last of July. The announcement was made by E. C. Benedict when passing through this city.

Empress Rouses Catholics. Berlin, April 29.—The report that the Empress of Germany has refused to go to Rome with the Emperor, because she would have to accompany her husband when he called on the pope, has roused the resentment of German Catholics.

Tract Brings \$20,000,000. New York, April 29.—The Junnel property, including a great tract of land in the Fort George section on the upper end of Manhattan Island, has been transferred by John R. Vandervoort to Joseph Tygard for \$20,000,000.

Big Strike in Glasgow. Glasgow, April 29.—A strike of all the engineers on the Clyde is impending. The employers notified the men that after May 1, their salaries would be reduced. The employees voted to refuse to accept the terms offered.

Son's Crime Kills Father. Cincinnati, O., April 29.—Cyrus L. Knapp, the aged father of Alfred A. Knapp, the confessed wife strangler, is dead as the result of worry over the exposure of the record of his son.

No Gambling at Saratoga. Saratoga, N. Y., April 29.—The authorities declare there will be no gambling here this summer and that Richard Canfield's place will not be permitted to open.

Broken Neck for Wrestler. Putnam, Conn., April 29.—While wrestling with a friend at his home in Pomfret Albert Peterson, aged 40 years, was thrown in such a way that his neck was broken.

### TELEGRAPHIC BREVITIES.

Three thousand Omaha teamsters, leather workers, waiters, cooks, brewery workers, structural iron men, freight handlers and teamsters threaten to strike unless given increased wages. There are 750 men already on strike.

Iowa Town Is Destroyed. Marshalltown, Iowa, April 29.—Practically the entire business portion of the town of Melbourne was burned. The burned area covers about three blocks, leaving only three buildings standing in Main street. The total loss was \$43,000, with insurance of \$22,350.

Fire in the Ghetto. Cleveland, O., April 29.—Fire in the Jewish quarter destroyed twenty dwelling houses, rendering 200 persons homeless. The fire started in a near-by cooperage shop and spread to the dwellings before it could be checked. The money loss is placed at \$50,000.

Robson in Retirement. New York, April 29.—Stuart Robson, the comedian, is suffering from acute indigestion and slight affection of the heart. He will go to his home at the Highlands of Navesink, where he will stay until he has fully recovered.

Capuchins Are Expelled. Versailles, April 29.—The police expelled the Capuchin monks from their monastery. Friends of the monks opposed the expulsion. Several persons were injured, including the father superior, who was trampled on.

Rothschild in Jail. Paris, April 29.—The Appellate court has confirmed the sentence passed on Baron Henri De Rothschild of 10 francs fine and one day in prison for driving an automobile at excessive speed on the boulevards.

Shoots Wealthy Employer. New York, April 29.—Leopold Wertheimer, a wealthy retired merchant, was shot and mortally wounded in his apartments by Joseph Simpson, formerly employed by him as a watchman.
